

# Friends of the Londonderry Leach Library

---

**Mission Statement:** To build a partnership between the Leach Library and the Londonderry community by facilitating activities that will enhance the library's role as a creative center of community life.

Our **purpose** is to raise awareness in the community about library services and needs, and to promote public knowledge of library resources, services and collections. This year (2018-2019) the Friends provided funds (\$3,000) to help sponsor multiple children and adult programs.

Our **meetings are typically held at 1:00 p.m. on the second Monday of every month** except July, August and December in the library's meeting room.

**Join the Friends:** Membership is open to everyone in the community. To support our work, we ask for an annual membership fee of \$10.00, which is tax-deductible and structured like a donation. You can support the Friends with your financial contribution and/or as an active volunteer.

**Helping Hands Group:** If you cannot commit to attending our monthly meetings and would still like to help, become a Helping Hands member. Helping Hands Group members volunteer their time and energy by assisting at fund raisers. You can give as little or as much time as you want.
