

## LEGAL NOTICE

### Town of Londonderry, Notice from the Department of Public Works & Engineering

**Winter Parking Ban:** The Department wishes to remind residents of the snow ordinance regarding parking and the placement of snow on the streets. The Winter Parking Ban is in effect from November 1 to April 1. During that time, no person shall park any motor vehicle on any public road or right-of-way between 12:00 midnight and 8:00 A.M., or at any other time as to impede snow removal operations. Any vehicle parked in violation will be towed by the Police Department. Any vehicles so towed shall be stored and released to the owner only upon payment of the cost of towing. No person is allowed to place any snow or ice upon the surface of the traveled portion of any Town maintained portion of road or highway. Blowing, shoveling, or plowing snow into the street, creates a very dangerous situation that can cause swerving and accidents. Any person violating this ordinance may be subject to a penalty as specified in Town's Snow Ordinance.

Generally, the Town has a 50 foot right-of-way, which extends 13 feet from the edge of pavement. Residents are asked not to reconstruct road shoulders and swales or place any structures and landscape items within the Town Right-of-Way. Stakes, delineators or rocks create a road hazard and should be removed. The Town is not liable for damages that may occur to objects placed within its right-of-way.

Mail and newspaper boxes are allowed in the Town's right-of-way. The following are suggestions for reducing the possibility of damage: the mailbox should be installed in such a manner that **no part of the mailbox is within three feet of the edge of pavement**. Installations should be sufficiently sturdy to withstand the weight of heavy snow resulting from plowing operations.

**Trash Barrel Placement:** Place trash and recycle barrels in your driveway or in an area cleared outside of the travel lane no more than 8 feet from the edge of the pavement. Barrels should not be placed in the road where they can impede traffic or snow removal operations!
