Virtual Roundtable: Preserving Affordability and Livability in Londonderry, New Hampshire
Tuesday, October 15, 2019 | 6:00pm

Meeting Agenda

Welcome and Introductions (15 minutes)

Smart Growth America

SGA will begin with a brief welcome and introduction of its presenters. Participants will also be invited to introduce themselves. Attendees will be introduced to Smart Growth America, LOCUS, and AARP's SWAT Team.

Discussion: Development Challenges facing the Town of Londonderry (15 minutes)

All

Smart Growth America/LOCUS will lead roundtable participants through a discussion regarding the current zoning in Londonderry and how it presents challenges to the provision of affordable senior housing.

Presentation: Preserving affordability and livability in Londonderry's housing context (15 minutes)

Smart Growth America

SGA will provide a presentation on how Londonderry can preserve affordability and livability for its aging populations. This presentation will include case studies of cities that have successfully adapted to its aging populations.

Discussion: Preserving affordability and livability in Londonderry's housing context (15 minutes)

All

This is an opportunity for Londonderry participants to discuss the topics from the first presentation. The presenter and representatives from LOCUS will answer any questions from the roundtable participants.

Presentation: Regulatory Modifications (15 minutes)

Smart Growth America

SGA will expand on options for regulatory modifications that can support the changing needs of older communities.

Discussion: Regulatory Modifications; What is Possible? (20 minutes)

All

Following the presentation on regulatory modifications, there will be a LOCUS and presenter-facilitated discussion regarding what--ultimately--is possible for communities to change in the pursuit of affordable senior housing. Finally, participants will identify next steps for Londonderry.
