Announcements -

- On December 20, 2020, the sprinkler head in the alcove next to my office broke. It caused minor flooding in the adult section of the library. The staff acted quickly and moved the original artwork, chairs, tables and materials, thus mitigating damages. The sprinkler was repaired that evening. The carpet was extracted that evening, and was cleaned and treated for mold the next day. So, the carpet was also saved. The ceiling will need to be repaired. Two “doors” will be installed so they can be opened during cold weather. The Town Manager has approved the replacement of the trees that acted as “wind buffers”. The trees were clear cut to build the new Fire Department. A discussion ensued.

Sandy Geisler arrived at 7:14 p.m.
