FOR IMMEDIATE RELEASE TO THE RESIDENTS OF LONDONDERRY, NEW HAMPSHIRE REGARDING PROPER DISPOSAL, BY RESIDENTS, OF LATEX (OR OTHER) GLOVES AND PROTECTIVE CLOTHING

It has come to our attention that several of the parking lots in Londonderry have become littered with latex, rubber and other gloves as well as other protective clothing presumably worn by residents while shopping in grocery stores, getting gas, picking up to-go orders from restaurants, etc.

In order to maintain the health and safety of our residents, essential workers in such establishments, and first responders, you must PROPERLY dispose of such gloves or clothing in a trash bin or other receptacle. If you fail to do so and it is observed by, or reported to, the police, you may be cited.

Thank you for your cooperation, and stay safe.
