

WAS YOUR REGISTRATION LOST IN THE MAIL?

Here's how to get a duplicate.

When you register your vehicle online or by mail, we mail your processed registration and stickers via the US Postal Service to be delivered to the ***mailing address you have on record with the DMV.**** Sometimes these registration don't make it to you. Here's what you can do:

1. The NH DMV will replace the registration and stickers at **no charge** 14 days after they were issued. Contact the Concord DMV at (603) 227-4000 to find out how. ***If the mailing address you have on file with the DMV is not the correct mailing address, the free duplicate from the State DMV does not apply.**
2. If you choose to get a replacement sooner at the Town Clerk's office, **State Regulations** require us to charge the full amount of the Town and State fees of \$18 for a duplicate registration and a separate transaction of \$4 for decals.
 - a. The owner of the vehicle must sign the DMV Application for Copy of Registration. Family members can come in for other family members.
 - b. Complete a **DMV Application for Copy of Registration** to include the plate # of the vehicle prior to coming in to save time. (The owner can also fill this out in the office.)
 - c. The person coming in to get the duplicate registration and stickers **MUST** present their driver's license.
